## **DRAFTER**

### **About Us:**

Hera Engineering is a dynamic and innovative structural engineering firm with offices in WA, QLD, NSW and the ACT. We specialize in designing commercial and residential buildings, high-rise structures, facades, and temporary works with a focus on cost-effective and sustainable solutions. As a small business, we offer a collaborative and supportive work environment with ample opportunities for growth and leadership.

### **Job Description:**

We are seeking a motivated and talented Drafter to join our team. The successful candidate will play a crucial role in supporting our drafting and engineering team by preparing detailed structural drawings using Revit. This position offers an excellent opportunity for career progression and skill development in a fast-paced, non-corporate setting.

### **Key Responsibilities:**

- Prepare detailed structural drawings and documentation using Revit.
- Collaborate closely with engineers and other team members to ensure accurate and efficient project delivery.
- Assist in the development and maintenance of Revit standards and templates.
- Review and engineering markups.
- Communicate effectively with team members and clients to clarify design requirements and address any issues.
- Participate in project meetings and contribute to design discussions.

### **Qualifications and Experience:**

- 2-3 years of experience in drafting, specifically using Revit (experience with AutoCAD is not required).
- Strong understanding of structural design principles and practices.
- Excellent communication skills, both written and verbal.
- Demonstrated ability to learn quickly and adapt to new challenges.
- Strong attention to detail and a commitment to producing high-quality work.
- Ability to work effectively both independently and as part of a team.

### **Current Projects:**

Our offices currently have a strong pipeline of work, including several incredible high-rise projects. This is an exciting time to join our team and contribute to these landmark developments.

### **Why Join Hera Engineering?**

- Opportunity to work on a diverse range of exciting projects.
- Collaborative and supportive team environment.
- Rapid career progression and leadership opportunities.
- Chance to make a meaningful impact within a growing company.

### **How to Apply:**

Interested candidates are invited to submit their resume and a cover letter outlining their relevant experience and why they are a good fit for this role to careers@hera.net.au
